Molestation
Stoning
Kidnappings
Bullying

Are the other problems around school buses

Why choose ON TRACK System - Support

The ON TRACK system will keep detailed records of the buses that are running. A major benefit of tracking your fleet with a GPS system is the assurance of a wide array of data. The automatic tracking of the system gives you the accurate information on a daily basis. Whenever you need to look the the numbers , it is as easy as printing out the data that you need to look over.

ACS will provide complete support and Installation of system to school premises

- PROPER Training to staff after installation is included with the pricing.
- Desktop Sharing support.
- On call support.
- 1year free replacement of hardware device.
- Timely solution during day time.
